} pagination feature

"Single Card" of the specified card in the div

Corresponding card information from the TCG API JSON:

```
{
  "name", // pokemon name
  "hp",    // hp
  "types", // array of types
  "evolvesFrom", // base evolution, if any
  "abilities", // array of abilities
  "attacks", // array of attacks
  "weaknesses", // both the type and value
  "retreatCost", // array of types
  "set": { "printedTotal" }, // our qty
  "set": { "series" }, // the generation/release it is from
  "set": { "releaseDate" }, // when the gen was released
  "flavorText", // short description of the pokemon
  "rarity", // rarity
  "images", // both small and large, for Single and All Card views
  // as for price, there are several different
  // values for price. we should discuss this together
}
```

- Add to Cart should be disabled and "Out of Stock" when stock qty is 0

Stretch Goal:
section on

General Information

First Name: John

Last Name: Doe

Username: jDough

E-mail: itsjohntho@coco.co

Password: ab*****00

'Edit Information' is pretty similar:
additionally allows users to edit their
info and send the form.
*for passwords, they should have to
input old password in order to make
a new password

***this is not 100% representative of how account details
will look. order history, etc... will exist in its own tab

Order History

Order #000123000

PokemonCard1

... \$22.33 each

qty: 3

PokemonCard44

... \$00.01 each

qty: 1

Shipping Address:

John Doe

240 Cedar Lake Rd,

Krogeron, CA 92015

Tax: \$21.43
